

Polymorphisms of SP-A and SP-D in patients with ventilator associated pneumonia.

Principal investigator: N R Webster

Progress to date.

The protocol was reviewed by the Scottish A Research Ethics Committee which looks at all applications in Scotland under the Adults With Incapacity Act and received approval on 27th April 2009 – reference 09/MRE00/31. In addition the trial has been approved by the Aberdeen Royal Infirmary Research and Development Department.

The trial has been registered with ClinTrials. Patient enrolment commenced October 2009 and will be ongoing for the next 30months.

Expected end date of trial will be April 2012.
